

## Salvatore A. Fanto, M.D.

Hand Surgeon

Fellowship-trained in Hand Surgery

Dr. Salvatore Fanto is a board certified surgeon who specializes in plastic and reconstructive surgery of the hand. He has special expertise in the treatment of work-related injuries, arthritis, and infections. When possible, Dr. Fanto uses noninvasive treatment options such as physical therapy, braces, non-

steroidal anti-inflammatory drugs, or steroid injections. If surgery is necessary, Dr. Fanto is an expert in carpal tunnel syndrome, as well as tendon and nerve repair. He performs minimally invasive procedures such as wrist arthroscopy for the treatment of various wrist conditions. His goal is to provide excellent care with respect and caring to all of his patients.

To schedule an appointment, please call 708.915.PAIN (7246).
