

Daniel T. Weber, M.D.

Orthopedic Surgeon

Fellowship-trained in Hip and
Knee Reconstruction

Dr. Weber specializes in primary, complex, and revision joint replacement procedures, as well as arthroscopic surgery of the shoulder and knee. He has considerable experience in minimally invasive approaches to the hip and knee, including

partial knee replacements and direct anterior approach hip replacement.

Having successfully performed one of the largest numbers of direct anterior hip replacements in the area, he is currently instructing surgeons in his techniques.

Dr. Weber's goal is to get patients back to the lifestyle and activities they enjoy.

To schedule an appointment, please call 708.915.PAIN (7246).
